

from the Gary Burnstein Community Health Clinic (GBCHC), your partner in community health. +

Since 2004, the GBCHC has been providing no-cost, high-quality medical, dental, and pharmaceutical care for uninsured patients aged 18 and older in a **caring, compassionate and dignified atmosphere. At the GBCHC, we take care of your medical, dental, vision, and pharmacy needs.**

The GBCHC is the vision of Dr. Gary Burnstein who, in 1997, **began providing basic medical care to clients out of a closet at a Pontiac homeless shelter.** The shelter had sent hundreds of letters to area physicians requesting healthcare services for those who frequented the shelter and Dr. Burnstein was the only one who responded. Dr. Burnstein passed away in 2003, but not before articulating his vision for a clinic that serves uninsured adults. In his life, **Dr. Burnstein led by example and his legacy lives on at the clinic today.**

The GBCHC was recently featured on [ClickOnDetroit.com](https://www.clickondetroit.com) where staff, patients, and members of our medical team spoke about how important the services offered at the clinic are to the community and how the clinic has helped, and even saved, the lives of patients.

If you or someone you know who is over the age 18 and uninsured is interested in becoming a GBCHC patient, visit us today.
